Report & Information

Subject: EuropElectro: CCC Updates: EuropElectro Makes CCC Reforms Summary by End of 2018

From: EuropElectro office

To: All Members

Dear Members,

On 8 July 2014, the Chinese government issued "Several Opinions of the State Council on Promoting Fair Competition in the Market to Maintain Normal Market Order." In 2017, the State Council issued the 13th Five-Year Plan and set up the goal of establishing a modern Chinese market system by 2020.

The government has issued announcements on the CCC reforms and some member companies have inquired about the changes in the scope of CCC products. EuropElectro made a summary of CCC reforms by end of 2018 in the attached report for your reference, in the meanwhile we are formulating a page in EuropElectro website to continue updating the coming news of CCC reform, we will inform all members once the it will be ready.

EuropElectro wishes to draw our members' attentions to **the key points in management after the CCC reforms.**

* As a milestone shift, announced on June 11, 2018, the certification model has been simplified and CCC allows companies to comply **using self-declarations**, toward mode A of the EC Low Voltage Directive (CE mark).

* Please note that **post-market surveillance has been tightened**, especially with the new policy of 'double-random and one opening'.

* The CCC product range has been reduced. The regulators issued three announcement documents, canceling 38 products, 24 products allowing self-declaration, and three new products transferred from Industrial Production Permission License reform.

Product Range of CCC

The determination on the product range of CCC is based on the Product Implementation Rules + the 2014 CNCA announcement No. 45 – 16 Dec 2014 Annex: Compulsory Product Certification (CCC) Categories Description and Range Table + New CNCA announcements before revisions.

Since these two files are not updated in real time, please pay attention to new announcements from CNCA before the revision. EuropElectro has included those in place by the end of 2018, since the release in 2017 of three CCC reform announcement documents covering the product range for your reference. In 2019, we will watch these closely and inform you of new changes.

2018.12.5 notice SAMR/CNCA No. 29 2018

2018.12. 2018年第29号 市场监管总局 认监委关于进一步落实强制性产品认证目录及实施方式改革的公告

[EuropElectro : CCC: 12 Kinds of Products Removed from CCC and 4 Kinds of Products Transferred into the self-declaration model valid since the release of SAMR/CNCA Notice \[2018\] No. 29 sent by mail to all our members in Dec 2018.](#)

EuropElectro 总结CCC 改革 (截至2018年底)

2014年7月8日, 中国政府网发布《国务院关于促进市场公平竞争维护市场正常秩序的若干意见》。2017年国务院发布十三五计划, 设立到2020年设立建立中国现代市场体系的目标。

有成员公司陆续询问关于CCC 产品范围变化的问题。Europlectro 做了以下总结并附在随文的报告, 供参考。我们同时还正在我们的网页上编制一个专门CCC改革更新的网页, 我们将持续在这上面报告最新的消息。一旦网页完成, 我们会通知大家。

首先, 请成员公司关注ccc改革后管理主要变化一下三点,

- 作为一个里程碑式的转变, 于2018.06.11, 中国政府公告, CCC允许部分产品从强制第三方认证转成使用企业自我声明模式, 按照类似CE 的低压指令的模式A进行符合性合规评定。
- 请大家注意, 后市场监督加强加严, 尤其是采用双随机一公开的政策,

CCC 产品范围变化减少。法规制定方发布了三个公告文件, 取消了38个产品, 24个产品允许自我声明, 新增三个从工业许可证改革转入的产品。

其次, **CCC的产品范围的判断**

关于CCC的产品范围的判断依然依据文件是产品实施规则+《国家认监委关于发布强制性产品认证目录描述与界定表》（目前2014版有效，详见国家认监委2014年第45号公告《国家认监委关于发布强制性产品认证目录描述与界定表的公告》）。

鉴于这两个文件并不是实时更新，所以要关注CNCA的新公告。EuropElectro总结了截止2018年底，自2017年CCC发布了以下三个的改革公告文件涉及产品范围。2019年我们会关注并会知会大家CCC领域新的变化。

Should you have any questions or require more detailed information, please contact Ms. Wang Xu at xu.wang@europelectro.org or Tel. +86 10 65396715.
